

# APSSM 2019 MEETING PROGRAM

## WEDNESDAY 10TH APRIL 2019

### OPTIONAL WORKSHOP

Workshop attendance must be booked in advance via the online registration process.

0900-1600

#### Boston Scientific Foundations Course in Penile Prosthetics

<b>Chair</b>	Dr Eric Chung
<b>Presenters</b>	To be confirmed
<b>Numbers</b>	Limited to 16 attendees
<b>Location</b>	Medical Engineering Research Facility, QUT Transport will be provided

Advancing science for life™

This foundations course on erectile restoration focuses on the understanding, management and hands on skills development for surgeons intending to begin or further develop their specialization in prosthetic urology.

The course will be presented in two segments consisting of a didactic morning session followed by a hands on cadaveric session. Attendees will be expected to participate in both segments of the course to ensure a full foundation training is achieved. The expert faculty panel will be led by Dr Eric Chung.
